

TESTIMONY

Clive, from Indonesia: “We visited a village where people heard about Jesus for the first time. One teenage boy charged up his KULUMI® Sheep and spent all afternoon listening to the story of Jesus. He just would not put it down. He was listening for hours. I was thrilled to see his desire to use the Sheep and listen to the Word.”

We offer the following additional products:

Loading cable USD 0.50	Loading and charging cable USD 0.50		
AUX cable USD 0.5	Earphones USD 0.55

Do you need a custom product solution?

We can make it a reality.

Since 2010, we have been offering Original Design and Manufacturing services. HTG, the makers of KULUMI® products, has been developing technology geared for education, wireless communication, power, lighting and more recently the farming industry.

Original Design and Manufacturing (ODM) is the service of designing and manufacturing original products. At HTG, this service includes electronic hardware development, mechanical and industrial design, as well as supply chain consulting and manufacturing.

Learn more about our ODM process here.
